PPS / TLE COMMITTEE FOLLOW-UP

Dual Language

There are multiple co-located Spanish DLI programs in North Portland.

> ***Opportunity to concentrate resources***

Sustainability

Programs are seeing low class sizes resulting in 1 class per grade level.

> ***Consolidating programs sustains the program over time and shows the district's dedication to Dual Language programing.***

Native Spanish Speakers

1/3
Bilingual Students

1/3
Native English Speakers

Learning with and from one another

Bilingualism & Biliteracy
Academic proficiency in both languages

Academic Achievement
Rigorous, grade-level learning

Language & Identity
Affirm home languages and cultures

Centering Multilingual Learners

Develop English proficiency while maintaining and strengthening Spanish language and literacy.

Enrollment design goal

PPS / TLE COMMITTEE FOLLOW-UP

What is the gain for folks leaving their schools? What is the benefit?

PORTLAND
Public Schools

PPS / TLE COMMITTEE FOLLOW-UP

A STRONGER, MORE SUSTAINABLE FUTURE FOR DLI STUDENTS

Consolidating Dual Language Immersion programs helps ensure that more students can benefit from a high-quality, well-resourced program for years to come.

SAME PROMISE. A STRONGER TOMORROW. — Bilingual. Biliterate. Globally Minded.

STRONGER, MORE STABLE PROGRAMS

Larger, sustainable enrollment at each grade level supports consistent staffing, teacher collaboration, and continuity of instruction.

RICHER LEARNING COMMUNITIES

More opportunities for students to learn and interact with bilingual peers, deepening language development, cultural connections, and belonging.

AFFIRMING LANGUAGE & CULTURAL IDENTITY

Creates school communities where multilingualism is valued and students see their languages and cultures reflected in their learning environment.

GREATER ACCESS TO RESOURCES & SUPPORTS

More consistent access to specialized teachers, academic interventions, enrichment, and other services in a well-resourced school.

STRONGER LONG-TERM PATHWAYS

Helps protect the sustainability of DLI so students can continue developing bilingualism, biliteracy, and academic achievement throughout their education.

A STRONGER, MORE EQUITABLE DLI SYSTEM

Consolidation helps ensure high-quality DLI programs remain available and well-resourced for current and future generations of students across PPS.

OUR SHARED GOAL

To ensure that every DLI student has access to a **high-quality, sustainable bilingual education** that builds bilingualism, biliteracy, academic achievement, and cross-cultural understanding — today and in the future.

TOGETHER, WE RISE

PPS / TLE COMMITTEE FOLLOW-UP

How will PPS support the transition of a fully enrolled DLI program from Dr. MLK to Boise-Eliot?

PORTLAND
Public Schools

Key Focus Areas for a Successful DLI Transition

PPS / TLE COMMITTEE FOLLOW-UP

Note: Transition plans are still in the works, and we recommend engaging the community, staff, and families in this process.

One School Community

Build one unified school community, not two separate schools.

Center Community Voice

Center staff and family voice in the transition.

Shared Identity & Connections

Establish a shared identity, schoolwide systems, and intentional opportunities for relationships across programs.

Instructional Integrity

Protect DLI program implementation while ensuring high-quality instruction, resources, and services for all students.

Support Staff & Leadership

Invest in staff collaboration and leadership capacity through professional learning, joint planning, and coaching.

Monitor & Learn

Gather feedback from students, staff, and families and review instructional implementation throughout the first year.

Transportation:

Is the N. Portland model that was shared based on actual model and need?

Will actual routes and costs of routes be provided?

PORTLAND
Public Schools

Transportation | Model Before Final Routes
